Small checklist when the accident occurs:

1. Call or email HLL's insurance department, no questions are too small for us to answer
Ewa Engström 070 219 22 29
Anki Möller 070 277 80 65
skadeanmalan@hllab.se
2. If it is a bigger theft, ask HLL to get a summary of the machines you have on rent. The summary should include: INDIVIDUAL NUMBER, MANUFACTURING NUMBER, MANUFACTURER AND TYPE OF MACHINE, this information must be entered in the police report.
Use the summary as a basis when you make an inventory on your workplace so that you do not have to make any additional submissions.
3. Fill out the HLL's damage/theft form. You can find it on HLL's website under "Vanliga frågor" and "Försäkringsfrågor" or get it emailed to you by HLL's insurance department. It is also available at our depots.

The police report is easiest done at the police's website, www.polisen.se. When you make the report, you will get a receipt that you give to HLL. The report applies as a basis for the insurance company.

4. At the police report, you must state both your company and HLL as the target owner. (HLL's organization number can be found on the HLL's theft and damage forms) Specify as clearly as possible what happened and how it looked on the work site.
5. You must specify the individual number, manufacturing number, make and type of the machines that have been stolen / damage. The information can be found on the HLL's theft report otherwise, contact an HLL depot.
6. *Finally, the notification is sent to the police and you must "SAVE THE APPLICATION AS PDF" print it and email it to skadanmalan@hllab.se. This receipt shortens the processing time from about three weeks to three days. See below*
